

Agenda for Project Meeting with Teacher (Assessment of Project Idea)

Date: 22-04-2025

Time: 10:30

Location: NHL Stenden Emmen, Room 2.058

Chairperson: Peter Kapsiar

Minute Taker: Joey Harms

1. Opening (Chairperson)

- Welcome
- Attendance check
- Purpose of the meeting

2. Project Introduction (Group)

- Brief overview of current app idea:
 - A social event app for people looking to connect and socialize.
 - Users can create public, private, or invite-only events with descriptions, images, and locations.
 - Online events like Discord gaming sessions are also supported.
 - Events end with a feedback/report form for participant behavior.
 - A map-based homepage with filterable nearby events.
 - Initially launched for NHL Stenden students, verified via student ID.
 - NFC wristbands for in-person recognition with basic student info.
- Scope: University-wide implementation with potential future expansion.

3. Technical Aspects (Group)

- Explanation of Student ID verification method
- Proposed use of NFC wristbands for student interaction and identification

4. Feedback from Teacher (Gerjan van Oenen)

- Assessment of project complexity and scale
- Feasibility in context of period 4 expectations
- Suitability for target group

5. Discussion

- Questions and suggestions from team members
- Brainstorming on possible alternatives (e.g. additional use cases for NFC wristbands)

6. Closing

- Summary of main decisions and advice received
 - End of meeting
-
